

TUNA 2026 – EXHIBITOR PROSPECTUS

THE EXHIBITION

A concurrent international Exhibition will be held alongside TUNA 2026, providing a **focused commercial marketplace** for companies to showcase products, technologies and services to a highly qualified global audience.

The Exhibition will connect solution providers directly with industry decision-makers seeking tools and services that improve **efficiency, quality, compliance, traceability** and **sustainability performance**. Exhibition booths are allocated on a **first-come, first-served basis**.

WHY EXHIBIT

- Position your company in front of **qualified buyers and senior decision-makers**
- Demonstrate solutions that **reduce cost, improve yield and manage operational risk**
- Generate high-quality business leads in a **sector-specific environment**

Strengthen brand recognition within the global tuna industry

NETWORKING OPPORTUNITY

Exhibitors will meet directly with:

- Fleet owners and fishing operators
- Processing and canning companies
- Traders, importers and exporters
- Retail and brand representatives
- Policymakers and regulators
- Investors and financial institutions

PRODUCTS & SERVICES ON DISPLAY

The Exhibition will showcase:

- Fishing, monitoring and smart vessel technology
- Processing, grading and packaging solutions
- Digital traceability, AI and data systems
- Testing, certification and compliance services
- Sustainability and efficiency innovations

EXHIBITION FORMAT

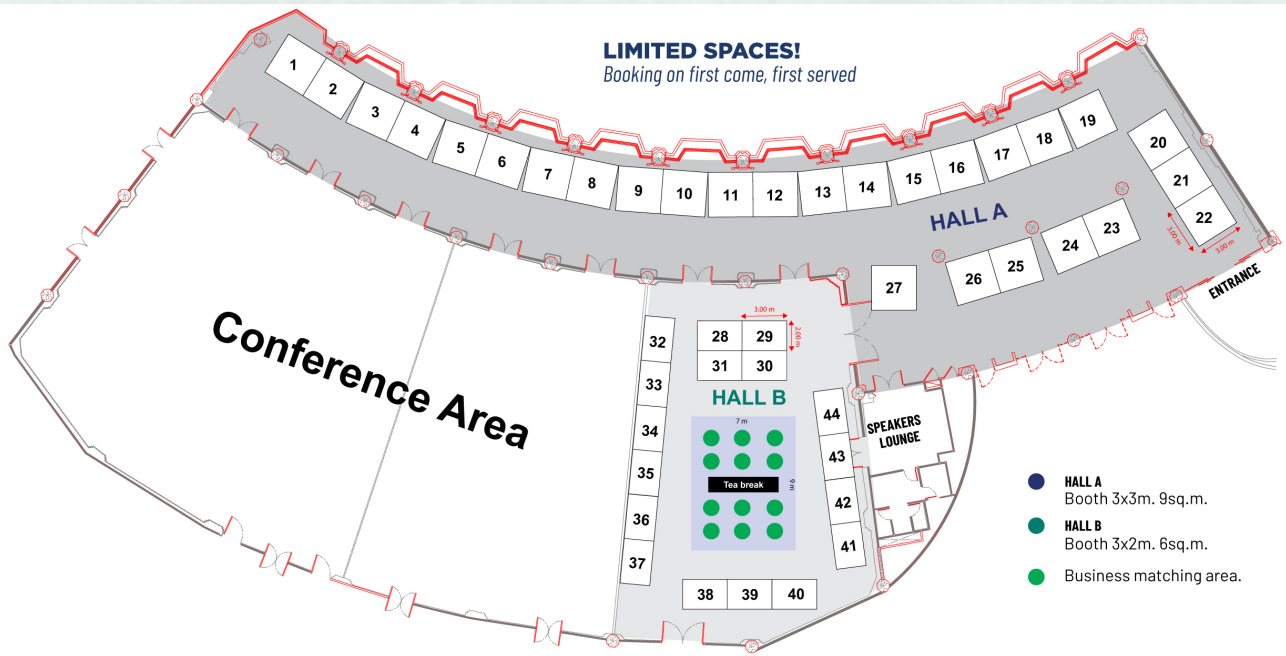

- International Exhibition held concurrently with the Conference
- High footfall from registered delegates
- First-come, first-served booth allocation
- Dedicated networking breaks to maximise exhibitor engagement

THE VENUE

Shangri-La Hotel, Bangkok, Thailand: A premium exhibition setting offering excellent accessibility, strong delegate traffic and a proven track record of hosting major international tuna industry events.
